PARTS LIST: 610402 AIR - EXHAUST FAN BOX

ITEM	PART NUMBER	NAME	QTY	MATERIAL	FINISH
1	611401	AIR - FAN BOX CASING - EXHAUST	1	Aluminium (alloy HOLD)	mill finish (hidden, D-79)
2	618401	AIR - FAN - NOCTUA NF-A14 INDUSTRIALPPC-3000 PWM	2	Fan envelope 0.3 kg (assumption)	-

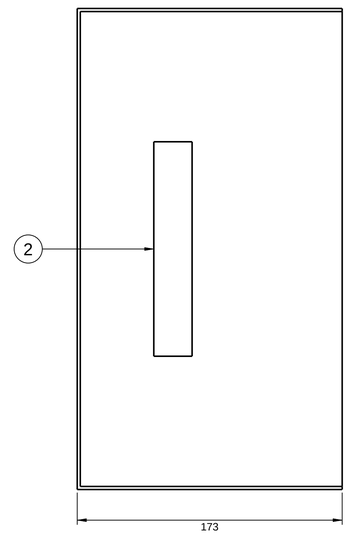

NOTES

1. Parts, quantities, materials and finishes as the parts list 610000_P01_AIR-PARTS-LIST_BOM.csv (its rows under 610402), word for word; each part's own drawing holds its sizes and tolerances.
2. Views in first angle (ISO 5456-2); each view title gives its X and Y in pod axes (guideline 3.3). Visible outlines only, as an assembly drawing shows them.
3. Fitted in the soffit at the factory, at its right end under C2's roof slot (D-87; AIR feature rationale F-6102-09). The casing 611401 is open on its left face, where the exhaust cartridge's air comes in, and at its top, where the two fans 618401 blow up into the roof sleeve 611601.
4. On site, once the soffit hangs, the fan box is plugged in before the hinged underside closes (assembly guide, step 16), and the roof sleeve drops through C2's roof slot onto the soft gasket on the box's top (step 17, #263).
5. HOLD: the fans' fixing in the casing (618401 is HOLD in the parts list).
6. TOLERANCE: the overall sizes are for reference; each part's drawing holds its own tolerances. Not ISO 2768.

VIEW FROM ABOVE 1:2

X = +X, Y = +Y (pod axes); looking down (toward -Z)

VIEW FROM THE LEFT 1:2

X = +Z, Y = +Y (pod axes); looking toward +X
