NOTES

1. Parts, quantities, materials and finishes as the parts list 610000_P01_AIR-PARTS-LIST_BOM.csv (its rows under 610101), word for word; each part's own drawing holds its sizes and tolerances.
2. 610301 AIR - SPLITTER CARTRIDGE - COMMON (SUPPLY) is drawn as a reference outline (thin long dash double-dot line, ISO 128-20 type 05) and is not an item of this assembly: the parts list puts it under 610000 (D-61: one cartridge for both paths, ships on its own, slides in on site).
3. 618101 AIR - SENSOR HUB ZONE - HOLD is drawn as a reference outline (thin long dash double-dot line, ISO 128-20 type 05) and is not an item of this assembly: the parts list puts it under another assembly.
4. Views in first angle (ISO 5456-2); each view title gives its X and Y in pod axes (guideline 3.3). Visible outlines only, as an assembly drawing shows them.
5. TOLERANCE: the overall sizes are for reference; each part's drawing holds its own tolerances. Not ISO 2768.
