NOTES

1. Parts, quantities, materials and finishes as the parts list 210202_P01_WALL-PANEL-ASSY-BACK-LOWER-B2_BOM.csv (its rows under 510202), word for word; each part's own drawing holds its sizes and tolerances.
2. Items marked * (4 848011, 5 848012) are not in the STEP 510202_P01_LINING-CASSETTE-BACK-LOWER-B2_STEP.step P01: they have no balloon; their places are in their rows and the joints register.
3. Item 3 518001 is shown by the STEP's held envelopes NO-PN-HOLD-H03: the part isn't named yet (HOLD); its places and count are the envelope's.
4. Views in first angle (ISO 5456-2); each view title gives its X and Y in pod axes (guideline 3.3). Visible outlines only, as an assembly drawing shows them.
5. Datum A: 511202's +Y face, the tray's back face, toward the panel frame (ISO 5459).
6. Datum B: 511202's +X face, the tray's end return, its outer face (ISO 5459).
7. Datum C: 511202's -Z face, the tray's bottom return, its outer face (ISO 5459).
8. Interface sizes (ordinates, true mm from the STEP): the clip centres across the cassette, from datum B (principal view): 518001 at 367.26, 760.25.
9. Interface sizes (ordinates, true mm from the STEP): the clip centres up the cassette, from datum C (principal view): 518001 at 100, 1018.61.
10. Fitting order (WALL's feature rationale F20, F22, F23 and the parts list): (1) the tray, its 34 mm returns turned in as 12 mm lips; (2) the felt, dropped in behind the lips, 1 mm clear inside the returns: the lips hold it with no glue (settles H09), over the 24 mm air gap (D-17); (3) the clips 518001 in their four zones, 100 from the cassette's top and bottom on the panel frame's studs (HOLD H03, HOLD-08). The cassette is a floating inner leaf that clips onto the panel frame from inside (D-17, D-47). Items marked * go as their rows say: the hook-and-loop pads 848011 only line the cassette up and carry no load (D-47); the edge seal 848012 only touches across the 2.26 gap (R-J18).
11. TOLERANCE: the overall sizes are for reference; each part's drawing holds its own tolerances. Not ISO 2768.
